The building sketch represents the actual exterior measurement of the structure as measured from the outside. The sketch will show any attached areas and will be labeled with a descriptive code. Measurements are rounded to the nearest foot. Certain sketch dimensions and angles are drawn in approximation to their actual measurements.

The total square-foot area includes only the assessed living area of a residential structure, generally areas that are heated and/or cooled. Living area does not include porches, decks, patios, or garages.
