**Subcontractor of:** \_\_\_\_\_ (Prime or Other Subcontractor Name)

**Project Name:** Lehigh County 911 Center UPS Replacement  
**Bid Number:** 26-001

As a condition of bidding and performing work on a project for the **County of Lehigh**, all contractors and/or subcontractors of any tier that perform work valued at over \$100,000 shall execute this form and certify compliance with the responsible contractor qualification standards set forth below. Bids will not be considered unless they are accompanied by a fully executed copy of this certification form. This form must be completed by a representative of the submitting contractor who has the authority to execute this form and has adequate knowledge to address all matters specified herein. The person completing this form shall initial each qualification standard listed. By executing this certification, the firm acknowledges it understands each qualification standard and currently complies with such requirements or will comply for the project.

**Contractor Qualification Standards**

In the Contractor Responsibility Certification, the prime contractor or subcontractor, as applicable, shall confirm the following facts regarding its past performance and work history and its current qualifications and performance capabilities. **Handwritten initial each statement (a thru l, l2 and m thru o) to confirm compliance:**

- (a) The firm and its employees have all licenses, registrations or certificates required by federal and state law and ordinances of the County of Lehigh with respect to the contract it seeks to self-perform. KM
- (b) The firm meets the bonding requirements for the contract required by law or contract specifications, as well as applicable insurance requirements for the contract, including general liability and workers compensation insurance. KM
- (c) The firm has not been debarred or suspended by any federal, state or local government agency or authority in the past three years. KM
- (d) The firm has not defaulted on any project in the past three years. KM
- (e) The firm has not had any type of business, contracting or trade license, registration, or other certification related to the proposed project work content revoked or suspended in the past three years. KM
- (f) The firm and its principals/owners have not been convicted of any crime relating to the construction contracting business in the past ten years. KM
- (g) The firm does not currently owe any outstanding taxes, penalties, interest or other financial obligation to the County of Lehigh. KM

- (h) The firm has not within the past three years been found in violation of any law applicable to its contracting business, including, but not limited to, license laws, tax laws, prompt payment laws, wage and hour laws, prevailing wage laws, environmental laws, or other laws where the result of such violation was the payment of a fine, back pay damages or any other type of penalty in the amount of \$5,000.00 or more. EM
- (i) The firm will pay all craft employees that it employs on the project the current wage rates and fringe benefits as required under applicable federal, state or local wage laws. EM
- (j) The firm will employ a sufficient number of craft personnel required to successfully perform any project work it self-performs and shall assign workers to perform only work for which they have sufficient skills, training and knowledge. EM
- (k) All craft labor that will be employed by the firm for the project have completed at least the OSHA ten (10) hour training course for safety established by the U.S. Department of Labor, Occupational Safety & Health Administration. EM
- (l) The firm participates in a Class A Apprenticeship Training Program, as defined below, for each separate trade or classification in which it or its subcontractors employ craft employees. This apprenticeship requirement assures that workers in each trade or craft employed are graduates of an apprenticeship and training program in each trade or craft in which their services are utilized and such apprenticeship and training program has been in continuous existence for no fewer than five (5) years prior to the commencement of the subject project. EM
  - (1) For purposes of this section, a Class A Apprenticeship Program is an apprenticeship program that is currently registered with and approved by the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journey person status for at least three of the past five (5) years. This may be an apprenticeship program that is subject to the Employees Retirement Income Security Act of 1974, 29 U.S.C. § 1001 et seq. ("ERISA"), or a non - ERISA program. In further judging, defining, and applying the terms used in this section, the definitions used in the Prevailing Wage Act and in the regulations promulgated pursuant thereto shall be considered and applied. 43 P.S. §165-2 and 34 Pa Code §9.102.
  - (2) **To demonstrate compliance with this section, the firm has provided, with this certification, a list of all trades or classifications of craft employees it will employ on the project and documentation verifying it participates in a Class A Apprenticeship Program or an equivalent training program for each trade or classification listed.** EM

**Trades / Classifications of Craft Employees that Firm Will Employ on this Project:  
(Note: Do not include subcontractor trades/classifications.)**

Kyle Walsh - International Brotherhood of Electrical Workers - Local Union # 81, I.B.E.W - Journeyman Electrician

Kyle McCullough - International Brotherhood of Electrical Workers - Local Union # 81, I.B.E.W - 3rd Year Electrical Apprentice

**Firm must provide documentation verifying that it participates in a Class A Apprenticeship Program or an equivalent training program for each trade or classification listed above.**

**Acceptable documentation includes, but is not limited to, a letter from the union / apprenticeship program certifying that the union / apprenticeship program participates in a Class A Apprenticeship Program and that the firm is in good standing, a current certificate demonstrating that the firm is a signatory or member of a union /**

**apprenticeship program that participates in a Class A Apprenticeship Program, or other documentation demonstrating compliance with the Class A Apprenticeship Program requirements. The documentation provided must state the trade(s) / classification(s) that are part of the program, must contain a current date (within one (1) year of this submission) and must include a handwritten signature.**

- (m) The firm has all other technical qualifications and resources, including equipment, personnel and financial resources, to successfully perform the referenced contract. EM
- (n) The firm shall notify the County within seven (7) days of any material change to any matter attested to in this certification. EM
- (o) The firm understands that the Contractor Responsibility Certification required by this section shall be executed by a person who has sufficient knowledge to address all matters in the certification and shall include an attestation stating, under the penalty of perjury, that the information submitted is true, complete and accurate. EM

**Subcontractor Listing**

The below listed subcontractors will be used on this project. A properly completed Lehigh County Contractor / Subcontractor Responsibility Certification form is required for any subcontractor whose work is valued at \$100,000 or more. Attached a separate sheet if more space is needed. **List "NONE" if no subcontractors are being used.**

Re : Lehigh County Bid 26-001 Contractor / Subcontractor Responsibility Certification

To whom it may concern,

This letter is to confirm UniPower LLC's participation in the above-mentioned bid for the Lehigh County 911 Center UPS replacement project. We are participating with our electrical contractor, Metschulat Electric. Our proposal to them includes the new UPS, so the value of our bid exceeds \$100,000 triggering the requirement to complete and provide the Lehigh County Contractor / Subcontractor Responsibility Certification, which is attached.

However, I do want to point out that we are not an electrical contractor and will not be performing the electrical contractor work. Metschulat Electric is a licensed and bonded electrical contractor in the Commonwealth of Pennsylvania and will be performing all the electrical work, including pulling permits, providing the wiring and miscellaneous materials required and performing the work. We will be providing project management, logistics, technical support and onsite supervision during the entire project. So, we do have labor included in our bid, but dollar value of our labor is not a significant portion of our bid and is well under \$100,000.

If you need any additional information or clarification as to our capabilities, credentials, past projects of similar scope, etc. please don't hesitate to ask. I'm happy to provide whatever you need to help you make an informed decision.

Thank you for your consideration and...

Best Regards,

A handwritten signature in black ink, appearing to read "Matthew McDevitt".
